

**February 22-27, 2010
in conjunction with the Pumper Show in Louisville, Kentucky**

Request for Training Presentations

The Installer Academy, a NOWRA premier education and training program, will be held prior/during the Cole Pumper Show. We are pleased to collaborate with Cole Publishing on expanding the audience to this successful NOWRA event. Attendance and interest in this event continues to grow, and this year will prove even better! Share your expertise and experience with others in our industry.

This conference focuses on specialized installer training programs. We are asking onsite educators and professionals to share valuable knowledge and experience in design, installation, inspection and O & M of systems, as well as some of the practical skills you need to do your job and run a successful business. This is your chance to participate as one of the trainers in a growing event! NOWRA is looking for trainers in the following areas and schedule:

Date	Activities	Suggested Topics
February 22 - 23	Core two-day Installer Academy	1. 2-day installation basics in preparation for NEHA exam 2. ½ to 1-day focused topics a. drip installation, b. safety, c. business practices, d. equipment maintenance, e. advanced installation f. others 3. Vendor training rooms
February 24	Pumper show – “education day”	NOWRA - 6 hours with a design and soil focus or “A to Z” overview
February 25 - 27	1. Pumper show trade show 2. Roe-D-Hoe competition	NEHA – installation exam

If you would like to share your knowledge on one of the topics listed or you have an idea for another topic, please provide the following information:

1. A description of each training session, which can range from one to twelve hours
 - a. Title
 - b. A brief description of the topic
 - c. Length of the training, and
 - d. For multiple topics, an outline of the training with estimated length and names of speaker(s)
2. A description of any hand out materials that will be provided to attendees

3. Any costs to NOWRA for proposed agenda
4. Background information that describes each trainer's area of expertise and experience. This information will be used to meet CEU requirements and to introduce speakers.

Proposals are July 1, 2009. E-mail them to Sara Heger Christopherson at heger001@umn.edu.

Any questions about potential topics should be directed to Sara as well.

Even if you are not able to share your expertise this year...come join us in the fun, excitement, and tradition of NOWRA's Installer Academy. Bring your whole team! Registration information is coming soon!
