7TH

ANNUAL
LEGISLATIVE
FLY-IN

Help NOWRA
Build on our
Success

Your Voice Matters

Join colleagues from around the nation on May 13, 2020, for NOWRA's 7th Annual Legislative Fly-In. Help your association build on the progress made from our successful legislative efforts of 2018!

- Introduce NOWRA's 2020 legislative priorities to your representatives
- Support efforts to get funds appropriated for USDA well & septic loan/grant program
- Encourage your Congressman to join the Decentralized Wastewater Recycling Caucus
- Help your Senators and House Member understand how our industry affects their constituents

We have a great story to tell in Washington, and you are in the best position to communicate our story in a meaningful way. As a constituent, you have more power than you know to influence your representatives. You can make a difference!

We will make sure your visits are successful. We will make the appointments with your Members of Congress, brief you on the key issues and talking points and provide you with useful data and handouts to share during your meetings. Plus, if you're new to our Fly-In, we'll make sure you have an experienced member join you on your visits.

NOWRA GOALS

- Increase onsite/decentralized market share from 30% to 35% of new construction
- Secure a larger share of existing federal funding for wastewater treatment
- Work with EPA, USDA and other federal agencies to develop policies which will promote the use of onsite/decentralized technologies

WHY THESE GOALS ARE IMPORTANT

Onsite/decentralized treatment is the "forgotten infrastructure." Despite the fact that more than 85 million Americans – more than one-quarter of the country – are served by onsite/decentralized systems, less than one percent of available federal funding is used to help this population repair or replace failing systems. For nearly 30 years our industry has been virtually ignored. The only way it's going to change is if we stand up and tell Congress our story. . ***And that's why we want you to join us in Washington!***

TENTATIVE AGENDA

Tuesday, May 12

6:00 pm – Welcome cocktail reception

7:00 pm – Optional Dinner

(not included with registration) with Fly-In attendees

Wednesday, May 13
