Subject: RE: Request for Review & Approval--Onsite Wastewater Mega-Conference

Good Morning,

I apologize for the late follow up. Due to the approval time constraints, I can issue a blanket approval of the conference for continuing education hours, but the number of hours will be based on the specific topic and presentation time. Most if not all courses dealing with onsite wastewater are approved for the amount of time designated to the specific topic. I will need proof of completion sent to me that includes the presentation topic, as well as the name and Georgia Contractor's Certification Number.

Feel free to call me at 404-657-2586 if you have any questions.

Cordially,

Virgil Fancher, MPH
 Training and Certification Director
 Georgia Department of Public Health
 Environmental Health Section
 2 Peachtree Street, N.W., 13th Floor
 Atlanta, Georgia 30303

<p>To: Continuing Education/Licensing Professionals From: Eric Casey, Executive Director, NOWRA Re.: Request for Approval of Continuing Education Units Date: September 17, 2020</p>	<p>The curriculum summary contains: learning objectives, sample certificate of completion, speaker bios, session descriptions, agenda</p>
---	--

The National Onsite Wastewater Recycling Association (NOWRA) will host a fully virtual 2020 Onsite Wastewater Mega-Conference November 16-18, 2020. The traditional in-person Mega-Conference had to be cancelled due to COVID-19 concerns.

The *Virtual* Mega-Conference will feature 46 separate classes on various aspects of onsite wastewater design, installation, maintenance management and policy. **I ask you to review and approve the enclosed 2020 *Virtual* Mega-Conference Curriculum Summary for onsite wastewater professionals in your state who require continuing education units to earn or maintain their professional license/certification.**
