Subject: RE: Request for Review & Approval--Onsite Wastewater Mega-Conference

Hi Eric,
 The continuing education credit requirement has been waived this year by the governor of NH. As a result, the website has been modified to avoid confusion and we are not posting new conferences.
 Please feel free to notify me next year, I would be happy to post new ones! This looks like a good one in the new format.

To: Continuing Education/Licensing Professionals
From: Eric Casey, Executive Director, NOWRA **The curriculum summary contains: learning objectives, sample certificate of completion,**
Re.: Request for Approval of Continuing Education Units **speaker bios, session descriptions, agenda**
Date: September 17, 2020

The National Onsite Wastewater Recycling Association (NOWRA) will host a fully virtual 2020 Onsite Wastewater Mega-Conference November 16-18, 2020. The traditional in-person Mega-Conference had to be cancelled due to COVID-19 concerns.

The *Virtual Mega-Conference* will feature 46 separate classes on various aspects of onsite wastewater design, installation, maintenance management and policy. **I ask you to review and approve the enclosed 2020 Virtual Mega-Conference Curriculum Summary for onsite wastewater professionals in your state who require continuing education units to earn or maintain their professional license/certification.**

This communication includes our **2020 Virtual Mega-Conference Curriculum Summary** for review and approval. An outline of the conference agenda, descriptions of each general session, a schedule of concurrent education sessions, and speaker biographies are included. The schedule of concurrent education sessions outlines information such as the time, session title, name of speaker, and session abstract.
