## **Conditions**

NOWRA sessions are for educational purposes and should not be influenced by the special interests of individuals associated with their presentations. Subject matter should be free from commercial bias or promotion. All presenters should maintain professional conduct and refrain from making disparaging remarks about other vendors or professionals in the industry. If secondary sources of information are used in a PowerPoint presentation, the reference must be cited. It is mutually understood that you are not an employee of NOWRA, but rather you are volunteering your services. As such, you will need to carry your own general liability and worker's compensation insurance.

***All presentations MUST include a statement up front stating that the materials being presented represent their own opinions, and do NOT reflect the opinions of NOWRA.***

In signing this agreement, the speaker acknowledges their willingness and ability to fulfill the speaking commitment, to furnish the required drafts and final documents in a timely fashion, and to agree to abide by the professional conduct code above. If an unavoidable conflict arises, the speaker agrees to notify NOWRA immediately and to seek a suitable replacement speaker for their presentation. NOWRA seeks continuing education credit from regulatory authorities from around the country, and many conference participants make their decisions to attend the Mega-Conference because of specific content in the program. As such, we rely on the commitments made by our speakers when we submit the conference agenda for continuing education approval and when we publish the conference agenda in promotional materials. Sessions which must be cancelled have a negative impact on our reputation and credibility as an education provider. The speaker understands that future speaking opportunities at NOWRA events may be limited, depending on the specific circumstances leading to the cancellation.

I agree to abide the terms of this Speaker Agreement.
