

# SAVE THE DATE SOLUTIONS FOR DIFFICULT ONSITE WASTEWATER SYSTEMS

## FLEMING TRAINING CENTER

2202 BLANTON DRIVE  
MURFREESBORO, TN 37129

**9-10**  
**SEPT,**  
**2025**

### SESSION 1: **GENERAL SESSION**

8 AM - 5 PM

This advanced session will cover the comprehensive identification of challenges to implementing an onsite sewage project on a given site, including limited area, restrictive soils, and climate change effects. We will then assess solutions to overcoming these challenges.

**11**  
**SEPT,**  
**2025**

### SESSION 2: **TRAIN-THE-TRAINERS**

8 AM - 3 PM

This session will be a Q&A overview of the training and will focus on curriculum development, PowerPoint presentation, and other ways to utilize the presented materials. You must attend the 2-day training to attend this session.
