

LPD

See low-pressure distribution.

LPD images/graphics:

Single pass media filter to low pressure distribution STA

Residential OWTS: gravity septic tank, dosing tank, single pass media filter, dosing tank, LPD, plan and profile view

Septic tank single pass media filter to LPD

Residential OWTS: gravity septic tank with integrated dosing tank, single pass media filter with dosing tank, low pressure distribution STA, profile view

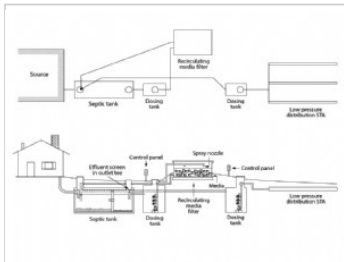

Peat and Coir media filter treatment train configurations

Residential OWTS: 3 configurations for systems using peat or coir media filters using gravity and pressure dosing to treatment and STA, profile view

Example OWTS ST, SP media filter, LPD distribution

OWTS with advanced treatment (single pass media filter) and a low pressure distribution (LPD) soil treatment area (STA)

Recirculating media filter to low pressure distribution STA

OWTS with advanced treatment (recirculating media filter) and a low pressure distribution (LPD) soil treatment area (STA)

Mound with low pressure distribution

Residential OWTS: gravity septic tank, dosing tank, mound with low pressure distribution STA, 3D color
